

## Bluetooth®

### ▼ Bluetooth®

To play music or voice audio saved in a Bluetooth® Audio device on the centre display, switch to Bluetooth® Audio mode. Before using your Bluetooth® audio device, you need to register it to MZD Connect.

Refer to Connectivity Settings on page 7-17.

1. Turn the Bluetooth® Audio unit's power on.
2. Select "Entertainment" on the home screen.

3. Select "Bluetooth" on the Source List screen.

### **NOTE**

If there is currently playing content, select "Entertainment" to have the contents displayed on the playback screen.

While on the playback screen, press the  on the commander switch to display the Source List screen.

4. The playback screen is displayed.

Rotate the  to display the Now Playing List.

When the  is displayed, you can display the menu by pressing the .

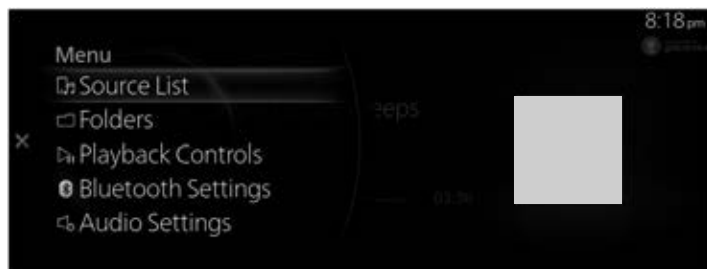

### NOTE

- If the application screen on the device is not displayed, playback of Bluetooth® Audio on MZD Connect may not be possible.
- If the Bluetooth® audio device does not begin playback, you need to start the playback manually.

Select “Playback Controls” from the Bluetooth® audio menu, and then select .

- If the mode is switched from Bluetooth® Audio mode to another mode (such as radio mode), playback from the Bluetooth® Audio device stops.

### Bluetooth® Audio menu
