A car designed to take your breath away even before you get to drive it and ready to make an impression anywhere you take it – no exception. The Mazda MX-5 RF comes with a fully-electric hardtop roof and impressive Kodo designed exterior, available in new colours that match its luxurious and upgraded cabin. With their low stance, rear-wheel drive and Skyactiv Technology, both the Mazda MX-5 Roadster and the Mazda MX-5 RF drive as if they are part of you. Built to deliver excellent fuel economy, low emissions and advanced in-car connectivity, all that is left for you is to enjoy driving in its purest form.

THE ART OF SEDUCTION

The color on the Mazda MX-5 is one of the first things that will catch your attention. Its delicate beauty and strong character are endorsed by the craft of Takumi-Nuri, Mazda's high-quality painting technology, which makes the Kodo design come alive and amplifies the beauty of every line. Takumi-Nuri balances depth and glossiness to give the impression of a hand-painted concept car. It enables the exceptional vividness and depth achieved in the signature Soul Red Crystal premium colour.
