ALL-NEW MAZDA CX-5

PRICES & SPECIFICATIONS

INTRODUCING THE ALL-NEW MAZDA CX-5

The all-new Mazda CX-5 isn't just an SUV—it's a statement. With its sleek design and purposeful stance, it reflects a lifestyle built on confidence, sophistication, and the freedom to explore more.

Every element has been thoughtfully designed to elevate your driving experience. From its refined interior to its intuitive features, the Mazda CX-5 offers comfort, versatility, and a sense of calm—whether you're navigating the city or escaping it.

Crafted around you, it blends Mazda's human-centric philosophy with advanced technology to deliver a drive that feels natural, responsive, and reassuring. It's more than just getting from A to B—it's about enjoying the journey.

And with Mazda's signature Jinba-Ittai driving dynamics, the Mazda CX-5 creates a seamless connection between car and driver. It's agile, composed, and effortlessly in tune with your every move—turning everyday drives into moments of pure enjoyment.

6 YEAR | MAZDA WARRANTY

THE LATEST IN TECHNOLOGY & CONVENIENCE

DESIGN THAT MOVES YOU

The all-new Mazda CX-5 showcases the next evolution of our award-winning Kodo design philosophy, delivering a bold, sporty presence that is unmistakably CX-5. Its perfectly balanced proportions create a strong stance, emphasising all four wheels for a sense of stability and control.

At the front, the commanding design is complemented by distinctive Signature Daytime Running Lights* and Mazda's iconic five-point grille, creating a look that exudes confidence. At the rear, a wide tread and dual exhaust system provide a refined finish that ensures the Mazda CX-5 stands out from every angle—so striking, you'll want to glance back every time you park.

(*Standard on Homura grades)

CRAFTED FOR THOSE WHO APPRECIATE DETAIL

It's the little design details that make the Mazda CX-5 truly captivating. At first glance, its body surfaces appear simple, yet they are precisely sculpted to play with light and shadow, reflecting the surroundings in a way that is uniquely Mazda. Look closer and you'll notice the subtle red accents inside the headlamps, emphasising the car's wide stance and featuring a discreet '5'—a nod to its CX-5 identity.

From these thoughtful touches to the harmonious flow of every contour, the Mazda CX-5 is designed to keep you discovering something new.

THE LATEST IN TECHNOLOGY & CONVENIENCE

EFFORTLESS CONNECTIVITY, THOUGHTFULLY DESIGNED FOR SAFETY

At Mazda, we believe technology should enhance your drive—not distract from it, which is why the all-new Mazda CX-5's infotainment system is designed to keep you comfortably connected while staying focused on the road ahead.

The large central touchscreen offers a crisp, customisable display that's easy to read and simple to use. With intuitive touch controls and high-precision voice recognition, accessing key functions like climate control, navigation, and audio is seamless—no fumbling, no frustration.

CONTROL AT YOUR FINGERTIPS

Complementing our latest infotainment system is our redesigned steering wheel, featuring ergonomically placed switches for quick access to everyday essentials such as drive modes, safety systems, and entertainment. Everything is right where you need it, so you can stay in control and enjoy a safer, more relaxed driving experience.

With the Mazda CX-5, smart technology meets thoughtful design—giving you confidence, clarity, and peace of mind every time you drive.

THE LATEST IN TECHNOLOGY & CONVENIENCE

GOOGLE BUILT-IN~

The all-new Mazda CX-5 now features Google built-in, transforming your cabin into a hub of smart functionality for a more comfortable, high-quality driving experience. Access Google Maps for precise, real-time navigation, explore a wide range of apps via the Google Play Store—including favourites like YouTube^, Waze and Amazon Music—and look forward to Google Gemini*, an advanced AI assistant that responds without the need for memorising commands.

No more juggling devices or worrying about compatibility. With automatic updates, you'll always have the latest features and security. Whether it's planning the quickest route, streaming your favourite music, or managing your day, Google built-in keeps you connected, informed and in control—making every drive smarter and more enjoyable.

APPLE CARPLAY® & ANDROID AUTO™

Apple CarPlay® and Android Auto™ seamlessly integrate your smartphone with the Mazda CX-5's infotainment system, keeping you connected while ensuring your hands stay on the wheel and your eyes on the road.

Enjoy real-time navigation, live traffic updates, and effortless access to your favourite music, podcasts, and apps—all through an intuitive interface designed for driving. With voice control and familiar functionality, your smartphone transforms your Mazda CX-5 into a smart, connected hub, making every journey safer, more efficient, and more entertaining.

~Google Assistant, Google Maps and Google Play will be available for a free period of three (3) years, starting from the date of first registration of the new vehicle. ^Functions that could cause distracted driving, such as watching videos or playing games, are restricted to whilst the vehicle is in 'Park'. *Available in future updates. Please speak to your Mazda dealer for more information.

THE LATEST IN TECHNOLOGY & CONVENIENCE

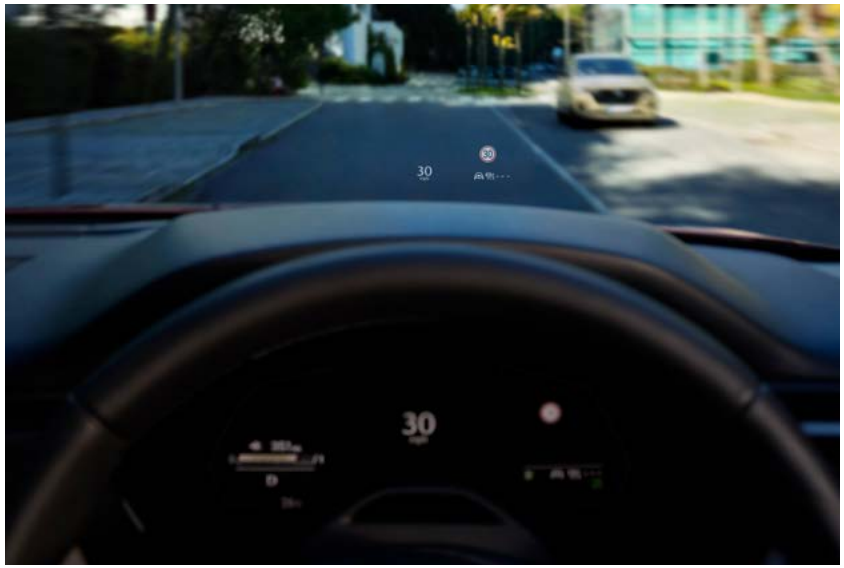

BOSE PREMIUM SOUND: ELEVATING EVERY DRIVE

The all-new Mazda CX-5 is the first Mazda to feature a Bose premium audio system equipped with cutting-edge Perpetual Sound Rendering (PSR) technology. With twelve high-performance speakers strategically positioned throughout the cabin, this advanced system delivers sound that is rich, lifelike and immersive—redefining in-car acoustics for an experience that feels truly exceptional.

This isn't just audio; it's artistry. The system incorporates Bose's latest innovations, including CenterPoint 2, SurroundStage, BassSync, BassMatch, and AUDIOPILOT, working together to create a dynamic soundscape that adapts to your environment. The result? Music that feels as vibrant and powerful as a live performance—transforming every journey into something extraordinary.

(Standard on Exclusive-Line and Homura grades)

COLOUR ACTIVE DRIVING DISPLAY

The windscreen-projected colour Active Driving Display puts key information within your line of sight, so you can keep your focus on the road ahead.

Essential details such as vehicle speed, cruise control settings and satellite navigation directions are displayed clearly on the windscreen, reducing distractions and helping you drive with confidence.

(Not available on Prime-Line grade)

THE LATEST IN TECHNOLOGY & CONVENIENCE

MAZDA CO-PILOT CONCEPT: ADVANCED DRIVING SUPPORT

At Mazda, we believe driving is more than a means of getting from A to B. That's why our advanced driving support technology is designed with one clear principle: the driver always comes first.

Mazda Co-Pilot Concept is designed to keep a constant watch on the driver's condition—whether navigating city streets or cruising on motorways—to help reduce accidents and minimise damage. Beyond protecting the driver and passengers, this innovative system offers peace of mind to families, friends, and everyone sharing the road, reinforcing Mazda's commitment to safety for all.

i-ACTIVSENSE SAFTEY TECHNOLOGIES: HELPING YOU RECOGNISE AND AVOID POTENTIAL HAZARDS

i-ACTIVSENSE is Mazda's suite of advanced safety and driver-assistance technologies, designed to help prevent accidents and reduce their severity.

Using a network of cameras and sensors, these systems detect potential hazards and provide timely support to the driver. Key features include **Mazda Radar Cruise Control**, which maintains a safe speed and following distance, while technologies such as **Blind Spot Monitoring**, **Emergency Lane Keeping**, and **Smart Brake Support** work together to help avoid collisions or minimise their impact—making every journey safer and more confident.

THE FLEXIBILITY TO FIT INTO YOUR LIFE

WEEKEND AWAY, PACK YOUR BAGS

Your ultimate companion for the perfect weekend getaway. With a spacious 583-litre boot, the Mazda CX-5 ensures you can bring everything you need.

Practicality is taken to new heights with the 40:20:40 split rear seats, offering versatile loading options and expanding capacity to an impressive 2,019 litres.

Need to load the boot with your hands full? No problem—simply swipe your foot beneath the rear bumper, and the hands-free power liftgate* will effortlessly open or close.

(*Standard on Homura grade)

EQUIPMENT

SAFETY AND SECURITY		PRIME-LINE	CENTRE-LINE	EXCLUSIVE-LINE	HOMURA
Airbags:	Single stage front driver & passenger	●	●	●	●
	Front and rear side airbags	●	●	●	●
	Front central airbag	●	●	●	●
	Front and rear curtain airbags	●	●	●	●
	Front driver knee airbag	●	●	●	●
	Passenger airbag deactivation system (auto switch)	●	●	●	●
Anti-lock Braking System (ABS)		●	●	●	●
Dynamic Stability Control (DSC)		●	●	●	●
e-Call with GPS:	In the case of an accident, either provides a manual or automated message to the emergency services, which includes the vehicle's location. (European locations only)	●	●	●	●
Emergency Stop Signalling system (ESS)		●	●	●	●
Emergency tyre repair kit		●	●	●	●
Hill Descent Control (AWD models only):	Hill Descent Control supports safe downhill driving on steep slopes with slippery, rough road surfaces such as off-road terrain or snow-covered hills. It does this by automatically keeping the car at a constant speed without the driver needing to operate the brakes.	-	-	●	●
Hill Launch Assist (HLA):	When taking off on an incline, helps prevent the car from rolling backwards when the driver moves their foot from the brake to the accelerator pedal.	●	●	●	●
i-ACTIVSENSE:	**Blind Spot Monitoring (BSM) with Rear Cross Traffic Alert (RCTA)**	●	●	●	●
	Emergency Lane Keeping - Features four advanced driver assistance systems designed to help prevent lane and road departures (Lane Keep Assist and Road Keep Assist) and reduce the risk of collisions with surrounding vehicles (Blind Spot Assist and Head-On Traffic Avoidance Assist).	●	●	●	●
	Front Cross Traffic Alert (FCTA) - When pulling out of junctions, the system checks for approaching vehicles in your blind spots either side or the front of your vehicle. When an oncoming vehicle is detected, it sounds a warning and applies the brakes if the system believes a collision may occurr.	●	●	●	●
	Intelligent Speed Assistance (ISA) - A driver operated speed-limiting system that works in conjunction with Traffic Sign Recognition (TSR) to help keep drivers from exceeding the speed limit unintentionally.	●	●	●	●
	Lane Departure Warning System (LDWS) - The system detects the line markings on the road surface and instantly warns you in case of unintentional lane departure.	●	●	●	●
	Proactive Driving Support (PDS) - The PDS system supports the driver by assisting with braking when a vehicle or motorcycle is detected ahead. Upon releasing the accelerator pedal, the system applies partial braking to help prevent the vehicle from approaching too closely to the one in front.	●	●	●	●
	Smart Brake Support (SBS) – Helps drivers avoid or reduce the severity of collisions by monitoring traffic and surroundings and applying brakes when needed. Includes: - Turn-Across Traffic: Assists in preventing frontal collisions when turning across traffic. - Head-On Collision Mitigation: Detects if an oncoming vehicle may drift into your lane and applies early braking to reduce impact. - Intersection Accident Avoidance: Warns the driver and, if necessary, brakes to prevent collisions when turning at junctions. - Low-Speed Object Detection (Front & Rear): Helps avoid collisions with slow-moving or stationary objects at low speeds. - Front Crossing Assist: Detects vehicles or motorcycles crossing ahead at junctions and applies braking to avoid or lessen impact.	●	●	●	●
	Traffic Sign Recognition (TSR) with intelligent speed assist - Utilising the front sensing camera and Navigation data, this system is designed to notify the driver of traffic signs by displaying them on the instrument panel and the head-up display. If the vehicle exceeds the recognised speed limit, an audible tone will be activated.	●	●	●	●
	Vehicle exit warning - Assists the driver in checking the rear of the vehicle when exiting the vehicle. When a vehicle or bicycle approaching from the rear is detected, various screen displays and warning sounds notify the driver of the danger.	●	●	●	●
ISOFIX child seat anchorage; attached to outer rear seats		●	●	●	●
Mazda Co-Pilot Concept:	**Driver Attention Alert (DAA) -** The system monitors driver inputs and the vehicle's movements to sense the early stages of driver fatigue.	●	●	●	●
	Driver Emergency Assist (DEA) - Helps minimise collision risk and damage by automatically slowing or stopping the vehicle if the driver becomes unable to drive due to a sudden illness or loss of responsiveness.	●	●	●	●
	Driver Monitoring (DM) - A camera monitors the driver's facial movements to detect driver fatigue, encouraging the driver to take a rest where needed.	●	●	●	●
Rear Seat Alert:	The Rear Seat Alert is a system that reminds the driver to check if any occupants or luggage have been left behind on the rear seats	●	●	●	●
Remote central locking with deadlocking and automatic door lock when driving		●	●	●	●
Smart keyless entry:	Allows opening and locking of the vehicle without removing the key from your pocket or bag	-	●	●	●
Seatbelt reminder audible warning:	Driver, passenger and rear seats	●	●	●	●
Thatcham accredited alarm and immobiliser		●	●	●	●
Tyre Pressure Monitoring System (TPMS)		●	●	●	●

Permitted gross vehicle weight (kg)	Total	2,230	2,272
	Front/rear	1,170 / 1,060	1,182 / 1,090
Towing limit (kg)[2]:	Braked	2,000	2,000
Maximum roof load (kg)		85	85

[1] Figures shown are for comparability purposes; only compare fuel consumption and CO_2 figures with other cars tested to the same technical procedures.
These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. There is a new test used for fuel consumption and CO_2 figures. The CO_2 figures shown however, are based on the outgoing test cycle and will be used to calculate vehicle tax on first registration.
[2] Towing capacity is based on a 12% gradient and tested in accordance with 92/21/EEC as amended by 95/48/EC.

SKYACTIV ENGINE TECHNOLOGIES

2.5-LITRE e-SKYACTIV G: POWER MEETS EFFICIENCY

Mazda's 2.5-litre e-Skyactiv G engine embodies our 'right-sizing' philosophy—where increased engine capacity creates a larger combustion chamber for a more efficient and powerful combustion process. The result? Lower emissions without compromising performance, delivering impressive torque for a truly engaging drive.

The 141ps e-Skyactiv G powertrain in the Mazda CX-5 is a highly efficient, direct-injection petrol engine, tuned for smooth, responsive acceleration in everyday driving—whether navigating city streets, winding country roads, or cruising the motorway. Behind the wheel, you'll experience Mazda's signature sense of oneness with the car.

Thanks to high-compression combustion and intelligent features like cylinder deactivation, the 2.5-litre engine offers excellent fuel economy. At constant speeds, it seamlessly switches between two-cylinder and four-cylinder operation, reducing fuel consumption without affecting performance. Because this advanced engineering is so precise and smooth, and you'll only notice the benefits of greater efficiency you enjoy its spirited driving performance.

MAZDA M HYBRID: SMARTER EFFICIENCY EVERY DRIVE

Mazda M Hybrid is our innovative approach to hybrid technology, designed to make every journey more efficient. Using four key components, it captures energy normally lost during braking and stores it in a 24V lithium-ion battery. This energy is then used to assist the engine and power the car's electrical systems—helping you travel further on a single tank while reducing CO_2 emissions and other particulates.

The Mazda CX-5 features this advanced technology as standard, delivering outstanding performance, lower running costs and strong environmental credentials—all without compromising the driving experience you love.

SKYACTIV-VEHICLE DYNAMICS: TRANSMISSIONS, CHASSIS AND BODY

TRANSMISSIONS

Mazda's advanced 6-speed Skyactiv-Drive automatic transmission combines the best qualities of CVT, dual-clutch and conventional automatic systems to deliver a truly refined driving experience.

With smooth, seamless gear changes and a direct, responsive feel, Skyactiv-Drive ensures every journey feels controlled and composed. This intelligent design not only enhances driving confidence but also contributes to excellent fuel economy—so you can enjoy performance without compromise.

Whether navigating city streets or cruising on the motorway, Skyactiv-Drive works in harmony with Mazda's Jinba-Ittai philosophy, creating a sense of unity between car and driver for effortless control and pure driving enjoyment.

SKYACTIV-CHASSIS

Every journey in the Mazda CX-5 begins with a chassis designed for harmony and balance. Lightweight yet robust, it delivers the essence of Mazda's 'Jinba-Ittai' philosophy—creating a seamless connection between car and driver.

Fine-tuned for precision, the chassis offers agile handling at low and medium speeds, while maintaining reassuring stability on the motorway. The result is a drive that feels effortless and engaging, whether you're navigating city streets, exploring scenic country roads, or enjoying the freedom of the open highway. This is driving as it should be—responsive, refined, and deeply rewarding.

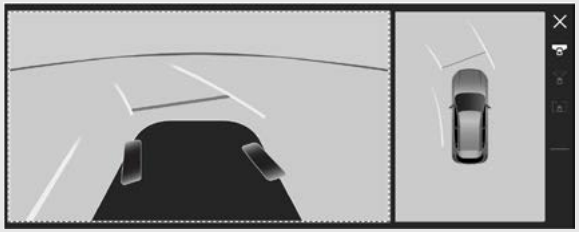

SKYACTIV-BODY

For a car to excel at its core functions—accelerating, turning and stopping—it needs a body that is both lean and robust.

Crafted with a light yet rigid structure, the CX-5 delivers exceptional agility for dynamic handling, while ensuring uncompromising safety for you and your passengers. This means every journey feels secure, refined and effortlessly enjoyable—whether you're navigating city streets, exploring scenic routes or embarking on a family road trip.

Mazda's approach brings peace of mind without sacrificing driving pleasure. It's a body built for confidence, comfort and control, embodying the pure essence of our philosophy: safe, joyful driving without compromise.

ADVANCED SAFETY TECHNOLOGY

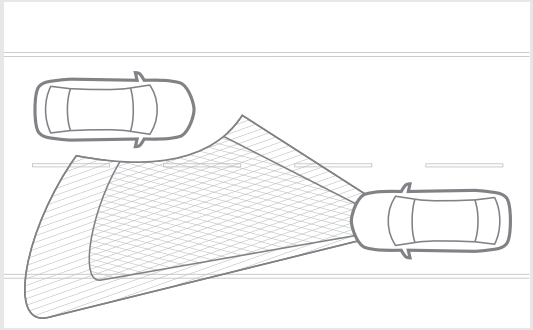

360º VIEW MONITOR WITH SEE-THROUGH VIEW

Enjoy a complete view of your surroundings with the 360º camera system, using front, side, and rear cameras to help you manoeuvre safely and reduce the risk of collisions.

Parking is effortless thanks to on-screen guidelines, while the innovative See-Through View feature gives a virtual look beneath the front or rear of the vehicle—helping you to identify potential hidden hazards.

(Standard on Exclusive-Line and Homura grades)

ADAPTIVE LED HEADLIGHTS

Mazda's Adaptive LED Headlights deliver cutting-edge illumination for safer, stress-free driving at any time. By combining five advanced technologies, the system maximises visibility while reducing glare for others:

- Wide-range Low Beams – Illuminate a broader area at low speeds
- Marking Light – Highlights pedestrians for added safety
- Highway Mode – Extends visibility at higher speeds
- Glare-free High Beams – Automatically dim to prevent dazzling oncoming traffic
- Adaptive Front Lighting – Adjusts light direction based on steering and lane position

The result? Clearer vision, greater confidence and a more relaxed drive.

(Standard on Homura grades)

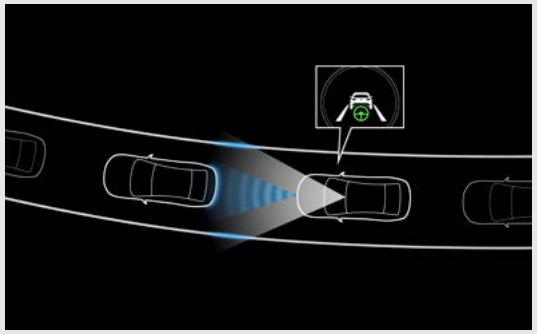

i-ACTIV AWD

Whether you are on the motorway on a dark and rainy night or driving up a snowy country road, Mazda's all-wheel-drive system is designed to provide safety and comfort with fuel efficiency. Our engineers have developed i-ACTIV AWD to constantly monitor road conditions in real-time, watching for tiny variations in wheel speed that a driver would never notice. The system proactively controls the distribution of torque to all four wheels providing solid and predictable handling for all-road performance.

(Available on Exclusive-Line and Homura grades)

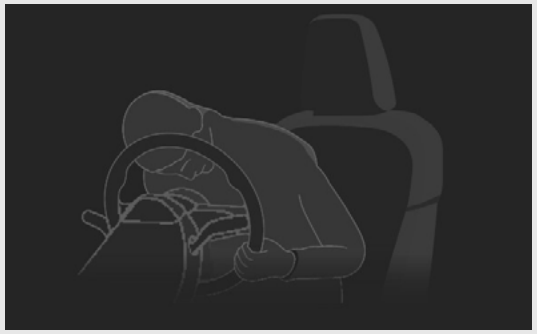

ADVANCED SAFETY TECHNOLOGY

CRUISING & TRAFFIC SUPPORT (CTS)

Automatically operates acceleration and braking to maintain a proper trailing distance between your Mazda and the vehicle ahead. In addition, it assists with steering operations to keep the car within its lane. CTS contributes to reducing driver fatigue, as well as supporting a safer, more reassuring and more comfortable driving experience.

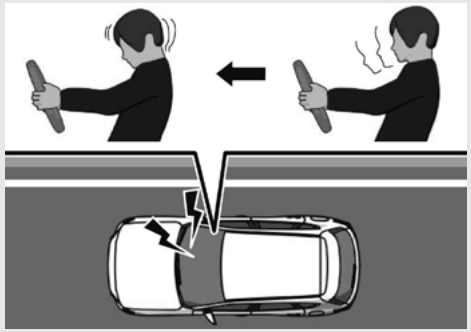

(Standard across all grades)

DRIVER EMERGENCY ASSIST

Mazda's Driver Emergency Assist System is designed to keep you and your passengers safe in unexpected situations. If the system detects that the driver is unable to continue driving—such as due to sudden illness—it automatically alerts occupants, activates hazard lights, and gently decelerates the vehicle to a controlled stop. Whether you're on a motorway, an A-road or a local street, this intelligent feature provides reassurance and confidence, helping reduce the risk of collisions and protecting what matters most.

(Standard across all grades)

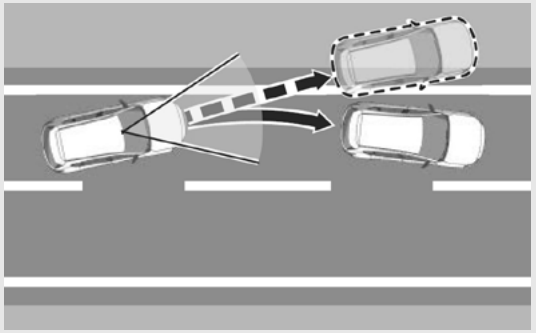

DRIVER MONITORING

Detects sleepiness or inattention by monitoring changes in expression or movement of the driver's line of sight. A camera and infrared LED monitor the driver's condition both day and night. If the system determines that the driver has fallen asleep or is inattentive, it sounds an alert to make the driver aware while also setting up for automatic braking to help prepare for a potential incident.

(Standard across all grades)

ADVANCED SAFETY TECHNOLOGY

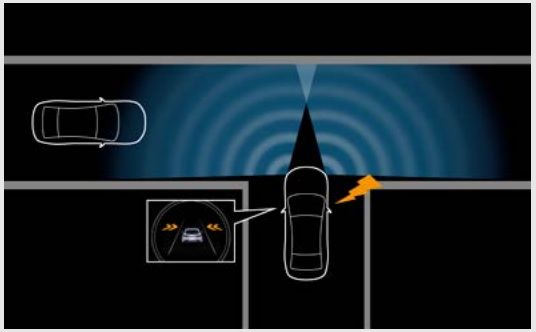

EMERGENCY LANE KEEPING

Mazda's Emergency Lane Keep system is designed to give you extra confidence on every journey by actively assisting steering to help avoid danger. It combines four advanced features:

- Lane-keep Assist – Helps maintain your position within the lane
- Road Keep Assist – Prevents departure from the road with alerts and gentle steering corrections
- Blind Spot Assist – Reduces the risk of collisions when changing lanes by intervening if another vehicle is detected
- Head-on Traffic Avoidance Assist – Assists steering to avoid potential collisions with oncoming traffic

Together, these intelligent technologies provide reassurance and peace of mind, so you can enjoy a safer, more relaxed drive—whether commuting, travelling with family, or exploring new roads.

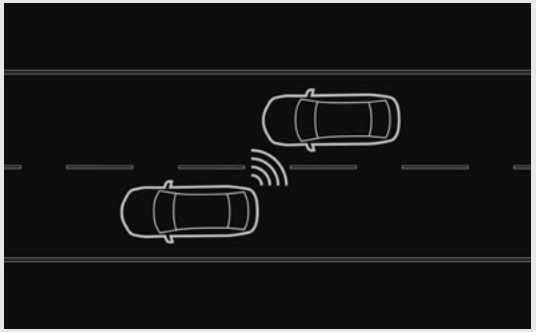

(Standard across all grades)

FRONT CROSS TRAFFIC ALERT

Front Cross Traffic Alert gives you added confidence at junctions with restricted views, one of the most common accident points. Using advanced radar sensors, the system monitors blind spots to the front left and right, detecting vehicles approaching from either side. If a potential hazard is identified, clear visual and audible alerts warn you in time to react—helping to reduce the risk of collisions and making every turn safer.

(Standard across all grades)

BLIND SPOT MONITORING (BSM) WITH REAR CROSS TRAFFIC ALERT (RCTA)

BSM uses radars mounted in the rear bumper to detect vehicles approaching from behind and in the adjacent lane. It alerts the driver to the presence of vehicles in the blind spot on either side by displaying an icon in the appropriate door mirror. If the driver indicates to change lanes with a vehicle in the blind spot, the icon flashes and a warning beep is sounded. RCTA is designed to help you make sure it's safe to start backing up. The system uses the same radars and indicators as BSM to watch for vehicles coming from both sides and alerts the driver when they come near.

(Standard across all grades)

ADVANCED SAFETY TECHNOLOGY

MAZDA DRIVER PERSONALISATION SYSTEM

The Mazda Driver Personalisation System recognises the driver using the camera inside the vehicle and automatically restores various driver settings that have been stored. This includes a function that automatically adjusts the driver's seat, Active Driving Display and outer mirror angle based on the driver's physique. The system will also move the seat so that the driver can easily enter and exit the vehicle more easily.

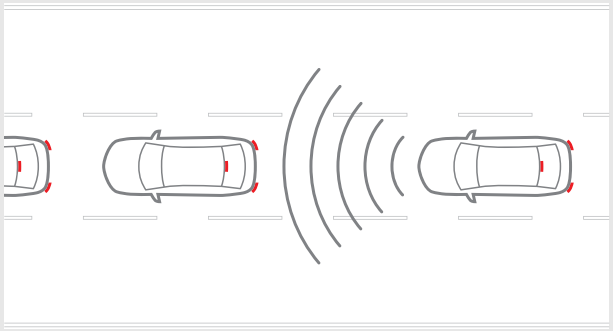

(Standard on Homura grade)

PROACTIVE DRIVING SUPPORT

Designed to make driving smoother and safer, especially on busy roads or long trips. When you lift off the accelerator, the system gently helps with braking to maintain a safe distance from the vehicle ahead—reducing stress and driver fatigue. This intelligent support means greater peace of mind and added confidence when travelling long distances by easing the workload in stop-and-go traffic and unpredictable conditions.

(Standard across all grades)

SMART BRAKE SUPPORT

Mazda's Smart Brake Support system is designed to help prevent collisions and reduce impact when the unexpected happens. Using advanced sensors and cameras, SBS monitors vehicles, pedestrians and obstacles around you—providing timely alerts and, if necessary, applying the brakes automatically to avoid or minimise a collision.

From busy junctions to motorway traffic, SBS offers intelligent features like Turn-Across Traffic, Front Crossing, and Head-on Collision Mitigation, as well as low-speed detection for parking and reversing. This means greater confidence and peace of mind for you and your passengers, wherever the road takes you.

(Standard across all grades)

VEHICLE TAX RATES

VEHICLE TAX RATES TAX YEAR 2026-27

CO_2 EMISSIONS FIGURE (G/KM)	ALL CARS FIRST YEAR RATE	ALL CARS STANDARD RATE (12 months)
0	£10	£200
1-50	£115	£200
51-75	£135	£200
76-90	£280	£200
91-100	£365	£200
101-110	£405	£200
111-130	£455	£200
131-150	£560	£200
151-170	£1,410	£200
171-190	£2,270	£200
191-225	£3,420	£200
226-255	£4,850	£200
Over 255	£5,690	£200

First-year rate is paid when first registering a vehicle and is for the first 12 months Vehicle Excise Duty. After the first 12 months, the standard rate applicable at that time is payable. Petrol/diesel/alternative fuel cars with a list price >£40k will be subject to a premium of £440 over the Standard Rate for 5 years from the start of the second licence.

WARRANTY

All Mazda cars registered from 1st September 2025 will benefit from a six-year manufacturer's warranty, or 100,000 miles, whichever comes first.

6 YEAR | MAZDA WARRANTY

MAZDA SERVICES

The maximum service interval for your Mazda is 12,500 miles or 12 months whichever occurs first, however, the servicing intervals may reduce based on the style of driving and the conditions under which your vehicle is operated.

MAZDA FINANCIAL SERVICES

Mazda Financial Services offers a variety of finance and insurance products to suit the needs of both private and business customers. With our wide range of plans and services, no-one is more committed to delivering complete motoring confidence and total peace of mind than Mazda and Mazda Financial Services.†

MAZDA CAR INSURANCE

When Mazda Car Insurance is a fully comprehensive monthly subscription policy with no hidden fees – change your details, renew or cancel, without any charges. You can set up and manage your policy online anytime, anywhere. In just a few clicks, changes are applied immediately, meaning no waiting for paperwork, estimates or call centres. Plus, your price is guaranteed for 12 months if everything stays the same.

Enjoy benefits such as the use of a Mazda Approved Accident Repair Centre, Mazda Genuine Parts, a courtesy car, uninsured driver cover, UK accident recovery, and more.

Find out more at www.mazdamotorinsurance.co.uk

Mazda Car Insurance is arranged and administered by Wrisk Transfer Limited, registered in England and Wales No. 10657213 at 45 Gresham Street, London, EC2V 7BG and authorised and regulated by the Financial Conduct Authority, Firm Reference No. 788062. Please read the policy wording for full terms, conditions, exclusions and excesses.

FREE MAZDA ACCIDENT AFTERCARE

In the event of an accident, Call Mazda First 0800 015 0367 before your insurer for free 24-hour Accident AfterCare and to redeem your £250 Excess Return voucher. Our dedicated case handlers will liaise with your insurer and arrange Mazda Genuine Parts and repairs at a Mazda Approved Bodyshop, keeping your Mazda 100% Mazda and maintaining your Mazda warranties. We'll also provide accident recovery if your Mazda isn't driveable and a free courtesy car during the repair. Terms and conditions apply.

Save 0800 015 0367 to your mobile phone.

TAX FREE – DIPLOMATIC AND MILITARY SALES
For further information contact your Mazda dealer or contact Mazda on 03457 48 48 48.

MOTABILITY
For all Motability enquiries please contact your Mazda dealer or contact Mazda on 03457 48 48 48.

MAZDA DRIVEAWAY INSURANCE

Benefit from up to 5 days free cover when you buy a new or used Mazda from an authorised Mazda Dealer - you'll also get a quote for Mazda Car Insurance.

Find out more at www.mazdamotorinsurance.co.uk/driveaway

This price list, dated 1 May 2026, supersedes all previous price lists. It includes changes to Vehicle Excise Duty as confirmed in the Autumn 2025 budget affecting recommended 'On the Road' prices. Final prices shown are recommended 'On the Road' prices and are inclusive of number plates, 12 months' Vehicle Excise Duty and first registration fee. Certain models may be subject to changes in CO_2 emission levels and Vehicle Excise Duty Bands. Due to ongoing updates the specification (including fuel consumption, CO_2 emissions and equipment) of the vehicle you order and receive may be different to that detailed in this guide. Please speak to your dealer for the latest information. Images may not be to UK specification. †Subject to status to over 18s. Indemnities may be required. Terms apply. Mazda Financial Services.
